Part One: General Provisions

1 Scope and Application

Adoption

- 1.1 These Classification Rules and Regulations are referred to throughout this document as the 'Classification Rules'. They have been prepared by IBD to implement the requirements of the 2015 IPC Athlete Classification Code and International Standards.
- 1.2 The Classification Rules have been adopted by IBD on 16/06/2019.
- 1.3 These Classification Rules refer to a number of Appendices. These Appendices form an integral part of the Classification Rules.
- 1.4 These Classification Rules form part of the IBD Rules and Regulations.
- 1.5 The Classification Rules are supplemented by a number of Classification forms that have been prepared to assist Athlete Evaluation. These forms are available from IBD, and can be amended by IBD from time to time.

Classification

- 1.6 Classification is undertaken to:
 - a) define who is eligible to compete in Para sport and consequently who has the opportunity to reach the goal of becoming a Paralympic Athlete; and
 - b) group Athletes into Sport Classes which aim to ensure that the impact of Impairment is minimised and sporting excellence determines which Athlete or team is ultimately victorious.

Application

- 1.7 These Classification Rules apply to all Athletes and Athlete Support Personnel who are registered and/or licensed with IBD, and/or participate in any Events or Competitions organised, authorised or recognised by IBD.
- 1.8 These Classification Rules must be read and applied in conjunction with all other applicable rules of IBD, including but not limited to the sport technical rules of IBD. In the event of any conflict between these Classification Rules and any other rules, the Classification Rules shall take precedence.

International Classification

- 1.9 IBD will only permit an Athlete to compete in an International Competition if that Athlete has been allocated a Sport Class (other than Sport Class Not Eligible) and designated with a Sport Class Status in accordance with these Classification Rules.
- 1.10 IBD will provide opportunities for Athletes to be allocated a Sport Class and designated with a Sport Class Status in accordance with these Classification Rules at Recognised Competitions (or other such locations as defined by IBD). IBD will advise Athletes, National Bodies and National Paralympic Committees in advance as to such Recognised Competitions (or other such locations).

Interpretation and Relationship to Code

- 1.11 References to an 'Article' mean an Article of these Classification Rules, references to an 'Appendix' mean an Appendix to these Classification Rules, and Capitalised terms used in these Classification Rules have the meaning given to them in the Glossary to these Classification Rules.
- 1.12 References to a 'sport' in these Classification Rules refer to Lawn Bowls for the Disabled.
- 1.13 The Appendices to these Classification Rules are part of these Classification Rules both of which may be amended, supplemented and/or replaced by IBD from time to time.
- 1.14 Headings used in these Classification Rules are used for convenience only and have no meaning that is separate from the Article or Articles to which they refer.
- 1.15 These Classification Rules are to be applied and interpreted as an independent text but in a manner that is consistent with the 2015 IPC Athlete Classification Code and the accompanying International Standards.

2 Roles and Responsibilities

- 2.1 It is the personal responsibility of Athletes, Athlete Support Personnel, and Classification Personnel to familiarise themselves with all the requirements of these Classification Rules.

Athlete Responsibilities

- 2.2 The roles and responsibilities of Athletes include to:

- c) be knowledgeable of and comply with all applicable policies, rules and processes established by these Classification Rules;
- d) participate in Athlete Evaluation in good faith;
- e) ensure when appropriate that adequate information related to Health Conditions and Eligible Impairments is provided and/or made available to IBD
- f) cooperate with any investigations concerning violations of these Classification Rules; and
- g) actively participate in the process of education and awareness, and Classification research, through exchanging personal experiences and expertise.

Athlete Support Personnel Responsibilities

2.3 The roles and responsibilities of Athlete Support Personnel include to:

- a) be knowledgeable of and comply with all applicable policies, rules and processes established by these Classification Rules;
- b) use their influence on Athlete values and behaviour to foster a positive and collaborative Classification attitude and communication;
- c) assist in the development, management and implementation of Classification Systems; and
- d) cooperate with any investigations concerning violations of these Classification Rules.

Classification Personnel Responsibilities

2.4 The roles and responsibilities of Classification Personnel include to:

- a) have a complete working knowledge of all applicable policies, rules and processes established by these Classification Rules;
- b) use their influence to foster a positive and collaborative Classification attitude and communication;
- c) assist in the development, management and implementation of Classification Systems, including participation in education and research; and
- d) cooperate with any investigations concerning violations of these Classification Rules.

Part Two: Classification Personnel

3 Classification Personnel

- 3.1 Classification Personnel are fundamental to the effective implementation of these Classification Rules. IBD will appoint a number of Classification Personnel, each of whom will have a key role in the organisation, implementation and administration of Classification for IBD.

Head of Classification

- 3.2 IBD must appoint a Head of Classification. The Head of Classification is a person responsible for the direction, administration, co-ordination and implementation of Classification matters for IBD.
- 3.3 If a Head of Classification cannot be appointed, IBD may appoint another person, or group of persons collectively (provided such person or group of persons agrees to comply with the Classifier Code of Conduct), to act as the Head of Classification.
- 3.4 The Head of Classification is required to be a certified Classifier.
- 3.5 The Head of Classification may delegate specific responsibilities and/or the transfer specific tasks to designated Classifiers, or other persons authorised by IBD.
- 3.6 Nothing in these Classification Rules prevents the Head of Classification (if certified as a Classifier) from also being appointed as a Classifier and/or Chief Classifier.

Classifiers

- 3.7 A Classifier is a person authorised as an official and certified by IBD to conduct some or all components of Athlete Evaluation as a member of a Classification Panel.

Chief Classifiers

- 3.8 A Chief Classifier is a Classifier appointed to direct, administer, co-ordinate and implement Classification matters for a specific Competition or at such other location as defined by IBD. In particular, a Chief Classifier may be required by IBD to do the following:
- 3.8.1 identify those Athletes who will be required to attend an Evaluation Session;
 - 3.8.2 supervise Classifiers to ensure that the these Classification Rules are properly applied during Classification;

- 3.8.3 manage Protests in consultation with IBD; and
 - 3.8.4 liaise with the relevant Competition organisers to ensure that all travel, accommodation and other logistics are arranged in order that Classifiers may carry out their duties at the Competition.
- 3.9 A Chief Classifier may delegate specific responsibilities and/or transfer specific tasks to other appropriately qualified Classifiers, or other appropriately qualified IBD officers or representatives, and/or appropriately qualified persons in the local organising committee of a Competition.

Trainee Classifiers

- 3.10 A Trainee Classifier is a person who is in the process of formal training by IBD.
- 3.11 IBD may appoint Trainee Classifiers to participate in some or all components of Athlete Evaluation under the supervision of a Classification Panel, to develop Classifier Competencies.

4 Classifier Competencies, Training and Certification

- 4.1 A Classifier will be authorised to act as a Classifier if that Classifier has been certified by IBD as having the relevant Classifier Competencies.
- 4.2 IBD must provide training and education to Classifiers to ensure Classifiers obtain and/or maintain Classifier Competencies.
- 4.3 IBD must specify and publish Classifier Competencies in a manner that is transparent and accessible. The Classifier Competencies must include that a Classifier has:
 - 4.3.1 a thorough understanding of these Classification Rules;
 - 4.3.2 an understanding of the sport for which they seek certification to act as a Classifier, including an understanding of the technical rules of the sport;
 - 4.3.3 an understanding of the Code and the International Standards; and
 - 4.3.4 a professional qualification(s), level of experience, skills and/or competencies in order to act as a Classifier for IBD. These include that Classifiers must either:

- a) be a certified health professional in a field relevant to the Eligible Impairment category which IBD at its sole discretion deems acceptable, such as a physician or physiotherapist for Athletes with a Physical Impairment; ophthalmologist or optometrist for Athletes with a Vision Impairment; and/or a psychologist for Athletes with an Intellectual Impairment; or
- b) have an extensive coaching or other relevant background in the particular sport; or a recognised and reputable academic qualification which encompasses a requisite level of anatomical, biomechanical and sport-specific expertise, which IBD at its sole discretion deems to be acceptable.

4.4 IBD must establish a process of Classifier Certification by which Classifier Competencies are assessed. This process must include:

- 4.4.1 a process for the certification of Trainee Classifiers;
- 4.4.2 quality assessment for the period of certification;
- 4.4.3 a process for handling substandard performance, including options for remediation and/or withdrawal of certification; and
- 4.4.4 a process for Re-certification of Classifiers.

4.5 IBD must specify Entry-Level Criteria applicable to persons who wish to become Trainee Classifiers.

4.6 IBD must provide Continuing Education to Classifiers for the purposes of Certification and Re-certification.

4.7 IBD may provide that a Classifier is subject to certain limitations, including (but not limited to):

- 4.7.1 a limitation on the Impairment type for which a Classifier is certified to act as a Classifier;
- 4.7.2 a limitation on the components of Athlete Evaluation that a Classifier is certified to conduct;
- 4.7.3 a limitation on the level of Competition or Event that a Classifier is authorised to act as a Classifier;
- 4.7.4 the maximum time that a Classifier Certification is valid;

- 4.7.5 that Classifier Certification is subject to review within a specific time frame by reference to the Classifier Competencies;
- 4.7.6 that a Classifier may lose Classifier Certification if IBD is not satisfied that the Classifier possesses the required Classifier Competencies; and/or
- 4.7.7 that a Classifier may regain Classifier Certification if IBD is satisfied that the Classifier possesses the required Classifier Competencies.

5 Classifier Code of Conduct

- 5.1 The integrity of Classification in IBD depends on the conduct of Classification Personnel. IBD has therefore adopted a set of professional conduct standards referred to as the 'Classifier Code of Conduct'.
- 5.2 All Classification Personnel must comply with the Classifier Code of Conduct.
- 5.3 Any person who believes that any Classification Personnel may have acted in a manner that contravenes the Classifier Code of Conduct must report this to IBD.
- 5.4 If IBD receives such a report it will investigate the report and, if appropriate, take disciplinary measures.
- 5.5 IBD has discretion to determine whether or not a Classifier has an actual, perceived and/or potential conflict of interest.

Part Three: Athlete Evaluation

6 General Provisions

- 6.1 **IBD** has specified in these Classification Rules the process, assessment criteria and methodology whereby Athletes will be allocated a Sport Class and designated a Sport Class Status. This process is referred to as Athlete Evaluation.
- 6.2 Athlete Evaluation encompasses a number of steps and these Classification Rules therefore include provisions regarding:
 - 6.2.1 an assessment of whether or not an Athlete has an Eligible Impairment for the sport;
 - 6.2.2 an assessment of whether an Athlete complies with Minimum Impairment Criteria for the sport; and
 - 6.2.3 the allocation of a Sport Class (and designation of a Sport Class Status) depending on the extent to which an Athlete is able to execute the specific tasks and activities fundamental to the sport (with the exception for athletes with Vision Impairment, where the current assessment criteria is not yet sport specific and does not include a requirement that the Athletes are assessed in respect of the 'extent to which the Athlete is able to execute the specific tasks and activities fundamental to the sport')

7 Eligible Impairment

- 7.1 Any Athlete wishing to compete in a sport governed by **IBD** must have an Eligible Impairment and that Eligible Impairment must be Permanent.
- 7.2 Appendices One, Two and Three of these Classification Rules specify the Eligible Impairment(s) an Athlete must have in order to compete in a sport governed by **IBD**.
- 7.3 Any Impairment that is not listed as an Eligible Impairment in Appendices One, Two or Three is referred to as a Non-Eligible Impairment. Appendix Four includes examples of Non-Eligible Impairments.

Assessment of Eligible Impairment

- 7.4 **IBD** must determine if an Athlete has an Eligible Impairment.

- 7.4.1 In order to be satisfied that an Athlete has an Eligible Impairment, IBD may require any Athlete to demonstrate that he or she has an Underlying Health Condition. Appendix Four lists examples of Health Conditions that are not Underlying Health Conditions.
- 7.4.2 The means by which IBD determines that an individual Athlete has an Eligible Impairment is at the sole discretion of IBD. IBD may consider that an Athlete's Eligible Impairment is sufficiently obvious and therefore not require evidence that demonstrates the Athlete's Eligible Impairment.
- 7.4.3 If in the course of determining if an Athlete has an Eligible Impairment IBD becomes aware that the Athlete has a Health Condition, and believes that the impact of that Health Condition may be that it is unsafe for that Athlete to compete or there is a risk to the health of the Athlete (or other Athletes) if that Athlete competes, it may designate the Athlete as Classification Not Completed (CNC) in accordance with Article 10 of these Classification Rules. In such instance IBD will explain the basis of its designation to the relevant National Body and/or National Paralympic Committee.
- 7.5 An Athlete must supply IBD with Diagnostic Information that must be provided as follows:
- 7.5.1 The relevant National Body and/or National Paralympic Committee must submit a Medical Diagnostics Form to IBD, upon completing the registration of an Athlete.
- 7.5.2 The Medical Diagnostics Form must be completed in English and dated and signed by a certified health care professional.
- 7.5.3 The Medical Diagnostic Form must be submitted with supportive Diagnostic Information if required by IBD
- 7.6 IBD may require an Athlete to re-submit the Medical Diagnostics Form (with necessary supportive Diagnostic Information) if IBD, at its sole discretion considers the Medical Diagnostic Form and/or the Diagnostic Information to be incomplete or inconsistent.

8 Minimum Impairment Criteria

An Athlete who wishes to compete in a sport must have an Eligible Impairment that complies with the relevant Minimum Impairment Criteria for that sport.

8.1 IBD has set Minimum Impairment Criteria to ensure that an Athlete's Eligible Impairment affects the extent to which an Athlete is able to execute the specific tasks and activities fundamental to the sport.

8.2.1 Appendices One, Two and Three of these Classification Rules specify the Minimum Impairment Criteria applicable to each sport and the process by which an Athlete's compliance with Minimum Impairment Criteria is to be assessed by a Classification Panel as part of an Evaluation Session.

8.2.2 Any Athlete who does not comply with the Minimum Impairment Criteria for a sport must be allocated Sport Class Not Eligible (NE) for that sport.

A Classification Panel must assess whether or not an Athlete complies with Minimum Impairment Criteria. This will take place as part of an Evaluation Session. Prior to participating in an Evaluation Session, an Athlete must first satisfy IBD that he or she has an Eligible Impairment.

8.3 In relation to the use of Adaptive Equipment, IBD has set Minimum Impairment Criteria as follows:

8.3.1 for Eligible Impairments other than Vision Impairment, Minimum Impairment Criteria must *not* consider the extent to which the use of Adaptive Equipment might affect how the Athlete is able to execute the specific tasks and activities fundamental to the sport;

- 8.3.2 for Vision Impairment, Minimum Impairment Criteria must consider the extent to which the use of Adaptive Equipment might affect how the Athlete is able to execute the specific tasks and activities fundamental to the sport.

9 Sport Class

- 9.2A Sport Class is a category defined by **IBD** in these Classification Rules, in which Athletes are grouped by reference to the impact of an Eligible Impairment on their ability to execute the specific tasks and activities fundamental to a sport.
- 9.2.1 An Athlete who does not have an Eligible Impairment or does not comply with the Minimum Impairment Criteria for a sport must be allocated Sport Class Not Eligible (NE) for that sport in accordance with the provisions of Article 18 of these Classification Rules.
- 9.2.2 An Athlete who complies with the Minimum Impairment Criteria for a sport must be allocated a Sport Class (subject to the provisions in these Classification Rules concerning Failure to Attend Athlete Evaluation and Suspension of Athlete Evaluation).
- 9.2.3 Except for the allocation of Sport Class Not Eligible (NE) by **IBD** (in accordance with Article 18.1), the allocation of a Sport Class must be based solely on an evaluation by a Classification Panel of the extent to which the Athlete's Eligible Impairment affects the specific tasks and activities fundamental to sport. This evaluation must take place in a controlled non- competitive environment, which allows for the repeated observation of key tasks and activities.
- 9.3 Appendices One, Two and Three of these Classification Rules specify the assessment methodology and assessment criteria for the allocation of a Sport Class and the designation of Sport Class Status.

10 Classification Not Completed

- 10.2 If at any stage of Athlete Evaluation **IBD** or a Classification Panel is unable to allocate a Sport Class to an Athlete, the Head of Classification or the relevant Chief Classifier may designate that Athlete as Classification Not Completed (CNC).

- 10.3 The designation Classification Not Completed (CNC) is not a Sport Class and is not subject to the provisions in these Classification Rules concerning Protests. The designation Classification Not Completed (CNC) will however be recorded for the purpose of the IBD Classification Master List.
- 10.4 An Athlete who is designated as Classification Not Completed (CNC) may not compete in the sport of IBD.

Part Four: Athlete Evaluation and the Classification Panel

11 The Classification Panel

11.2 A Classification Panel is a group of Classifiers appointed by IBD to conduct some or all of the components of Athlete Evaluation including as part of an Evaluation Session.

General Provisions

11.3 A Classification Panel must be comprised of at least of two certified Classifiers. In exceptional circumstances a Chief Classifier may provide that a Classification Panel comprise only one Classifier, subject to that Classifier holding a valid medical qualification.

11.4 A Trainee Classifier may be part of a Classification Panel in addition to the required number of certified Classifiers, and may participate in Athlete Evaluation.

12 Classification Panel Responsibilities

12.2 A Classification Panel is responsible for conducting an Evaluation Session. As part of the Evaluation Session the Classification Panel must:

- 12.2.1 assess whether an Athlete complies with Minimum Impairment Criteria for the sport;
- 12.2.2 assess the extent to which an Athlete is able to execute the specific tasks and activities fundamental to the sport; and
- 12.2.3 conduct Observation in Competition.

12.3 Following the Evaluation Session the Classification Panel must allocate a Sport Class and designate a Sport Class Status, or designate Classification Not Completed (CNC).

12.4 Prior to the Evaluation Session, the assessment as to whether an Athlete has an Eligible Impairment must be undertaken by IBD, unless IBD requests this to be undertaken by a Classification Panel.

12.5 The Evaluation Session must take place in a controlled non-competitive environment that allows for the repeated observation of key tasks and activities.

- 12.5.1 Although other factors such as low fitness level, poor technical proficiency and aging may also affect the fundamental tasks and activities of the sport, the allocation of Sport Class must not be affected by these factors.
- 12.6 An Athlete who has a Non-Eligible Impairment and an Eligible Impairment may be evaluated by a Classification Panel on the basis of the Eligible Impairment, provided the Non-Eligible Impairment does not affect the Classification Panel's ability to allocate a Sport Class.
- 12.7 The Sport Class allocated to the Athlete will be in accordance with the processes specified in Appendices One, Two and Three.

13 Evaluation Sessions

- 13.2 This Article applies to all Evaluation Sessions.
- 13.3 The Athlete's National Body or National Paralympic Committee is responsible for ensuring that Athletes comply with their duties in relation to the provisions in this Article.
- 13.4 In respect of Athletes:
- 13.4.1 Athletes have the right to be accompanied by a member of the Athlete's National Body or National Paralympic Committee when attending an Evaluation Session. The Athlete must be accompanied if the Athlete is a minor or has an Intellectual Impairment.
- 13.4.2 The person chosen by the Athlete to accompany the Athlete at an Evaluation Session should be familiar with the Athlete's Impairment and sport history.
- 13.4.3 The Athlete and accompanying person must acknowledge the terms of the Athlete Evaluation Consent Form as specified by **IBD**.
- 13.4.4 The Athlete must verify his or her identity to the satisfaction of the Classification Panel, by providing a document such as a passport, ID card, license card or event accreditation.
- 13.4.5 The Athlete must attend the Evaluation Session with any sports attire or equipment relevant to the sport for which the Athlete wishes to be allocated a Sport Class.

- 13.4.6 The Athlete must disclose the use of any medication and/or medical device/implant to the Classification Panel.
- 13.4.7 The Athlete must comply with all reasonable instructions given by a Classification Panel.
- 13.5 In respect of the Classification Panel:
- 13.5.1 The Classification Panel may request that an Athlete provide medical documentation relevant to the Athlete's Eligible Impairment if the Classification Panel believes that this will be necessary in order for it to allocate a Sport Class.
The Classification Panel will conduct Evaluation Sessions in English unless otherwise stipulated by IBD. If the Athlete requires an interpreter, a member of the Athlete's National Body or National Paralympic Committee will be responsible for arranging for an interpreter. The interpreter is permitted to attend the Evaluation Session in addition to the person referred to in Article 13.3.1 above.
- 13.5.2 The Classification Panel may at any stage seek medical, technical or scientific opinion(s), with the agreement of the Head of Classification and/or a Chief Classifier if the Classification Panel feels that such opinion(s) is necessary in order to allocate a Sport Class.
- 13.5.3 In addition to any opinion(s) sought in accordance with Article 13.4.3, a Classification Panel may only have regard to evidence supplied to it by the relevant Athlete, National Body, National Paralympic Committee and IBD (from any source) when allocating a Sport Class.
- 13.5.4 The Classification Panel may make, create or use video footage and/or other records to assist it when allocating a Sport Class.

14 Observation in Competition

- 14.2A Classification Panel requires that an Athlete undertake Observation in Competition Assessment before it allocates a final Sport Class and designates a Sport Class Status to that Athlete.
- 14.3 The methods by which Observation in Competition Assessment may be undertaken, and the matters to be observed, are set out in Appendices One, Two and Three.

14.4 To complete Observation in Competition Assessment, the Athlete will be entered in the Competition with the Sport Class allocated by the Classification Panel after the conclusion of the initial components of the Evaluation Session.

14.5 Observation in Competition Assessment must take place during First Appearance. In this regard:

- 14.5.1 First Appearance is the first time an Athlete competes in an Event during a Competition in a particular Sport Class.
- 14.5.2 First Appearance within a Sport Class applies to participation in all Events within the same Sport Class.
- 14.5.3 An Athlete who competes in a Team Sport must make First Appearance during the preliminary rounds of a Competition. First Appearance must not take place in the elimination rounds of a Competition.

14.6 If an Athlete is:

- a) subject to a Protest following Observation in Competition; and
- b) the second Evaluation Session is conducted at that same Competition; and
- c) pursuant to the second Evaluation Session the Athlete is required to undergo Observation in Competition,

Observation in Competition must take place at the next opportunity within the Sport Class allocated to the Athlete by the Protest Panel.

- 14.6.1 The Classification Panel must allocate a Sport Class by designating a Sport Class Status upon completion of First Appearance (or completion of any Observation in Competition conducted as part of a Protest). If changes to an Athlete's Sport Class or Sport Class Status are made following Observation in Competition, the changes are effective immediately.

14.7 The impact of an Athlete changing Sport Class after First Appearance on medals, records and results is detailed in the **IBD** Rules and Regulations.

15 Sport Class Status

15.2 If a Classification Panel allocates a Sport Class to an Athlete, it must also designate a Sport Class Status. Sport Class Status indicates whether or not an Athlete will be required to undertake Athlete Evaluation in the future; and if the Athlete's Sport Class may be subject to Protest.

15.3 The Sport Class Status designated to an Athlete by a Classification Panel at the conclusion of an Evaluation Session will be one of the following:

- Permanent (P)
- Review (R)
- Review with a Fixed Review Date (FRD)

Sport Class Status New

15.4 An Athlete is allocated Sport Class Status New (N) by **IBD** prior to attending the Athlete's first Evaluation Session. An Athlete with Sport Class Status New (N) must attend an Evaluation Session prior to competing at any International Competition, unless **IBD** specifies otherwise.

Sport Class Status Permanent

15.5 An Athlete will be designated with Sport Class Status Permanent (P) if the Classification Panel is satisfied that both the Athlete's Eligible Impairment and the Athlete's ability to execute the specific tasks and activities fundamental to the sport are and will remain stable (with the exception for Athletes with Vision Impairment as referred to in Article 6.2.3).

- 15.5.1 An Athlete with Sport Class Status Permanent (P) is not required to undergo any further Athlete Evaluation (save pursuant to the provisions in these Classification Rules concerning Protests (Article 19), Medical Review (Article 31) or changes to Sport Class criteria (Article 15.7)).
- 15.5.2 A Classification Panel that consists of only one Classifier may not designate an Athlete with Sport Class Status Permanent (P) but must designate the Athlete with Sport Class Status Review (R).

Sport Class Status Review

15.6 An Athlete will be designated Sport Class Status Review (R) if the Classification Panel believes that further Evaluation Sessions will be required.

- 15.6.1 A Classification Panel may base its belief that further Evaluation Sessions will be required based on a number of factors, including but not limited to situations where the Athlete has only recently entered Competitions sanctioned or recognised by IBD; has a fluctuating and/or progressive Impairment/Impairments that is/are permanent but not stable; and/or has not yet reached full muscular skeletal or sports maturity.
- 15.6.2 An Athlete with Sport Class Status Review (R) must complete Athlete Evaluation prior to competing at any subsequent International Competition, unless IBD specifies otherwise.

Sport Class Status Review with Fixed Review Date

15.7 An Athlete may be designated Sport Class Status Review with a Fixed Review Date (FRD) if the Classification Panel believes that further Athlete Evaluation will be required but will not be necessary before a set date, being the Fixed Review Date.

- 15.7.1 An Athlete with Sport Class Status Review with a Fixed Review Date (FRD) will be required to attend an Evaluation Session at the first opportunity after the relevant Fixed Review Date.
- 15.7.2 An Athlete who has been allocated Sport Class Status Review with a Fixed Review Date (FRD) may not attend an Evaluation Session prior to the relevant Fixed Review Date save pursuant to a Medical Review Request and/or Protest.
- 15.7.3 A Classification Panel that consists of only one Classifier may not designate an Athlete with Sport Class Status Review with a Fixed Review Date (FRD) but must designate the Athlete with Sport Class Status Review (R).

Changes to Sport Class Criteria

15.8 If IBD changes any Sport Class criteria and/ or assessment methods defined in the Appendices to these Rules, then:

IBD may re-assign any Athlete who holds Sport Class Status Confirmed (C) with Sport Class Status Review (R) and require that the Athlete attend an Evaluation Session at the earliest available opportunity; or

- 15.8.1 IBD may remove the Fixed Review Date for any Athlete and require that the Athlete attend an Evaluation Session at the earliest available opportunity; and
- 15.8.2 in both instances the relevant National Body or National Paralympic Committee shall be informed as soon as is practicable.

16 Multiple Sport Classes

16.2 This Article applies to Athletes who are potentially eligible to be allocated more than one Sport Class.

Multiple Eligible Impairments

16.3 An Athlete who has a Physical and Vision Impairment, a Physical and Intellectual Impairment, or a Vision and Intellectual Impairment may be eligible to be allocated more than one Sport Class in relation to those Eligible Impairments. In such instances:

- 16.3.1 the Athlete's National Body or National Paralympic Committee must notify IBD as to the Athlete's Eligible Impairments and the Athlete's eligibility to be allocated more than one Sport Class in respect of those Impairment types, and provide all necessary medical diagnostic information as required;
- 16.3.2 the Athlete must be offered the opportunity to participate in an Evaluation Session in respect of each Sport Class relevant to his or her multiple Impairments, either at the relevant Competition or the subsequent Competition;
- 16.3.3 at the conclusion of the Evaluation Sessions referred to in Article 16.2.2 the Athlete must choose the Sport Class that he or she wishes to compete in ('the preferred Sport Class'). If the allocation of any Sport Class is subject to Observation in Competition the Athlete must select the preferred Sport Class before making any First Appearance;
- 16.3.4 the selection of Sport Class will be subject to all applicable IBD Rules and Regulations (including but not limited to those in relation to the use of equipment, the weight of equipment, and the use of guides); and
- 16.3.5 the Athlete will be permitted to compete in the preferred Sport Class and details of the Athlete's preferred Sport Class will be published.

Changing Sport Class

16.4 An Athlete who has a Physical and Vision Impairment, a Physical and Intellectual Impairment, or a Vision and Intellectual Impairment may request to change his or her preferred Sport Class:

- a) at the end of the season when the Athlete's first Evaluation Session was completed; or
- b) after the close of the Commonwealth Games, or World championships and before the start of the next season thereafter.

16.5 A request to change a preferred Sport Class must be made to **IBD** by the Athlete's National Body or National Paralympic Committee. The application must be submitted to **IBD** in accordance with the time frame identified under Article 16.4

16.6 Nothing in this Article 16 precludes an Athlete from making a Medical Review Request at any time in respect of any Sport Class.

17 Notification

17.2 The outcome of Athlete Evaluation must be notified to the Athlete and/or National Body or National Paralympic Committee and published as soon as practically possible after completion of Athlete Evaluation.

17.3 **IBD** must publish the outcome of Athlete Evaluation at the Competition following Athlete Evaluation, and the outcomes must be made available post Competition via the Classification Master List at **IBD** website.

Part Five: Sport Class Not Eligible

18 Sport Class Not Eligible

General Provisions

18.2 If **IBD** determines that an Athlete:

18.2.1 has an Impairment that is not an Eligible Impairment; or

18.2.2 does not have an Underlying Health Condition,

IBD must allocate that Athlete Sport Class Not Eligible (NE).

18.3 If a Classification Panel determines that an Athlete who has an Eligible Impairment does not comply with Minimum Impairment Criteria for a sport that Athlete must be allocated Sport Class Not Eligible (NE) for that sport.

Absence of Eligible Impairment

18.4 If **IBD** determines that an Athlete does not have an Eligible Impairment, that Athlete:

18.4.1 will not be permitted to attend an Evaluation Session; and

18.4.2 will be allocated with Sport Class Not Eligible (NE) and designated with Sport Class Status Permanent (P) by **IBD**.

18.5 If another International Sport Federation has allocated an Athlete with Sport Class Not Eligible (NE) because the Athlete does not have an Eligible Impairment, **IBD** may likewise do so without the need for the process detailed in Article 7 of these Classification Rules.

18.6 An Athlete who is allocated Sport Class Not Eligible (NE) by **IBD** or a Classification Panel (if delegated by **IBD**) because that Athlete has

18.6.1 an Impairment that is not an Eligible Impairment; or

18.6.2 a Health Condition that is not an Underlying Health Condition;

has no right to request such determination be reviewed by a second Classification Panel and will not be permitted to participate in any sport.

Absence of Compliance with Minimum Impairment Criteria

18.7 A second Classification Panel must review by way of a second Evaluation Session any Athlete who is allocated Sport Class Not Eligible (NE) on the basis that a Classification Panel determines that the Athlete does not comply with Minimum Impairment Criteria. This must take place as soon as is practicable.

18.7.1 Pending the second Evaluation Session the Athlete will be allocated Sport Class Not Eligible (NE) and designated Sport Class Status Review (R). The Athlete will not be permitted to compete before such re-assessment.

18.7.2 If the second Classification Panel determines the Athlete does not comply with Minimum Impairment Criteria (or if the Athlete declines to participate in a second Evaluation Session at the time set by the Chief Classifier); Sport Class Not Eligible (NE) will be allocated and the Athlete designated with Sport Class Status Confirmed (C).

18.8 If an Athlete makes (or is subject to) a Protest on a previously allocated Sport Class other than Not Eligible (NE) and is allocated Sport Class Not Eligible (NE) by a Protest Panel, the Athlete must be provided with a further and final Evaluation Session which will review the decision to allocate Sport Class Not Eligible (NE) made by the Protest Panel.

18.9 If a Classification Panel allocates Sport Class Not Eligible (NE) on the basis that it has determined that an Athlete does not comply with Minimum Impairment Criteria for a sport the Athlete may be eligible to compete in another sport, subject to Athlete Evaluation for that sport.

18.10 If an Athlete is allocated Sport Class Not Eligible (NE), this does not question the presence of a genuine Impairment. It is only a ruling on the eligibility of the Athlete to compete in the sport of IBD.

Part Six: Protests

Protests

19 Scope of a Protest

19.2 A Protest may only be made in respect of an Athlete's Sport Class. A Protest may not be made in respect of an Athlete's Sport Class Status.

19.3 A Protest may not be made in respect of an Athlete who has been allocated Sport Class Not Eligible (NE).

20 Parties Permitted to Make a Protest

A Protest may only be made by one of the following bodies:

20.2 a National Body (see Articles 21-22); or

20.3 a National Paralympic Committee (see Articles 21-22); or

20.4 IBD (see Articles 23-24).

21 National Protests

21.2 A National Body or a National Paralympic Committee may only make a Protest in respect of an Athlete under its jurisdiction at a Competition or venue set aside for Athlete Evaluation.

21.3 If the outcome of Athlete Evaluation is published during a Competition (pursuant to Article 17 of these Classification Rules) a National Protest must be submitted within **one (1) hour** of that outcome being published. If the outcome of Athlete Evaluation is published following Observation in Competition a National Protest must be submitted within **fifteen (15) minutes** of that outcome being published.

21.4 If an Athlete is required by a Classification Panel to undergo Observation in Competition Assessment, a National Body or a National Paralympic Committee may make a Protest before or after First Appearance takes place. If a Protest is made before First Appearance takes place the Athlete must not be permitted to compete until the Protest has been resolved.

22 National Protest Procedure

22.2 To submit a National Protest, a National Body or a National Paralympic Committee must show that the Protest is bona fide with supporting evidence and complete a Protest Form, that must be made available by IBD at the Competition and via IBD website, and must include the following:

- 22.2.1 the name and sport of the Protested Athlete;
- 22.2.2 the details of the Protested Decision and/or a copy of the Protested Decision;
- 22.2.3 an explanation as to why the Protest has been made and the basis on which the National Body or National Paralympic Committee believes that the Protested Decision is flawed;
- 22.2.4 reference to the specific rule(s) alleged to have been breached; and
- 22.2.5 the Protest Fee set by IBD.

22.3 The Protest Documents must be submitted to the Chief Classifier of the relevant Competition within the timeframes specified by IBD. Upon receipt of the Protest Documents the Chief Classifier must conduct a review of the Protest, in consultation with IBD, of which there are two possible outcomes:

- 22.3.1 the Chief Classifier may dismiss the Protest if, in the discretion of the Chief Classifier, the Protest does not comply with the Protest requirements in this Article 22; or
- 22.3.2 the Chief Classifier may accept the Protest if, in the discretion of the Chief Classifier, the Protest complies with the Protest requirements in this Article 22.

22.4 If the Protest is dismissed the Chief Classifier must notify all relevant parties and provide a written explanation to the National Body or National Paralympic Committee as soon as practicable. The Protest Fee will be forfeited.

22.5 If the Protest is accepted:

- 22.5.1 the Protested Athlete's Sport Class must remain unchanged pending the outcome of the Protest but the Protested Athlete's Sport Class Status must immediately be changed to Review (R) unless the Protested Athlete's Sport Class Status is already Review (R);
- 22.5.2 the Chief Classifier must appoint a Protest Panel to conduct a new Evaluation Session as soon as possible, which must be either at the Competition the Protest was made or at the next Competition; and

- 22.5.3 IBD must notify all relevant parties of the time and date the new Evaluation Session is to be conducted by the Protest Panel.

23 IBD Protests

23.2 IBD may, in its discretion, make a Protest at any time in respect of an Athlete under its jurisdiction if:

- 23.2.1 it considers an Athlete may have been allocated an incorrect Sport Class; or
- 23.2.2 a National Body or National Paralympic Committee makes a documented request to IBD. The assessment of the validity of the request is at the sole discretion of IBD

24 IBD Protest Procedure

24.2 If IBD decides to make a Protest, the Head of Classification must advise the relevant National Body or National Paralympic Committee of the Protest at the earliest possible opportunity.

24.3 The Head of Classification must provide the relevant National Body or National Paralympic Committee with a written explanation as to why the Protest has been made and the basis on which the Head of Classification considers it is justified.

24.4 If IBD makes a Protest:

- 24.4.1 the Protested Athlete's Sport Class must remain unchanged pending the outcome of the Protest;
- 24.4.2 the Protested Athlete's Sport Class Status must immediately be changed to Review (R) unless the Protested Athlete's Sport Class Status is already Review (R); and
- 24.4.3 a Protest Panel must be appointed to resolve the Protest as soon as is reasonably possible.

25 Protest Panel

25.2 A Chief Classifier may fulfil one or more of the Head of Classification's obligations in

this Article 25 if authorised to do so by the Head of Classification.

25.3A Protest Panel must be appointed by the Head of Classification in a manner consistent with the provisions for appointing a Classification Panel in these Classification Rules.

25.4 A Protest Panel must not include any person who was a member of the Classification Panel that:

25.4.1 made the Protested Decision; or

25.4.2 conducted any component of Athlete Evaluation in respect of the Protested Athlete within a period of 12 months prior to the date of the Protested Decision, unless otherwise agreed by the National Body, National Paralympic Committee or IBD (whichever is relevant).

25.5 The Head of Classification must notify all relevant parties of the time and date for the Evaluation Session that must be conducted by the Protest Panel.

25.6 The Protest Panel must conduct the new Evaluation Session in accordance with these Classification Rules. The Protest Panel may refer to the Protest Documents when conducting the new Evaluation Session.

25.7 The Protest Panel must allocate a Sport Class and designate a Sport Class Status. All relevant parties must be notified of the Protest Panel's decision in a manner consistent with the provisions for notification in these Classification Rules.

25.8 The decision of a Protest Panel in relation to both a National Protest and an IBD Protest is final. A National Body, National Paralympic Committee or IBD may not make another Protest at the relevant Competition.

26 Provisions Where No Protest Panel is Available

26.2 If a Protest is made at a Competition but there is no opportunity for the Protest to be resolved at that Competition:

26.2.1 the Protested Athlete must be permitted to compete in the Sport Class that is the subject of the Protest with Sport Class Status Review (R), pending the resolution of the Protest; and

26.2.2 all reasonable steps must be taken to ensure that the Protest is resolved at the earliest opportunity.

27 Special Provisions

27.2 IBD may make arrangements (subject to the approval of the IPC) for some or all of the components of Athlete Evaluation to be carried out at a place and at a time away from a Competition. If so, IBD must also implement Protest provisions to enable Protests to take place in respect of any Evaluation Sessions carried out away from a Competition.

Application during Major Competitions

28 Ad Hoc Provisions Relating to Protests

28.2 The IPC and/or IBD may issue special ad hoc provisions to operate during the Paralympic Games or other Competitions.

Part Seven: Misconduct during Evaluation Session

29 Failure to Attend Evaluation Session

29.2 An Athlete is personally responsible for attending an Evaluation Session.

29.3 An Athlete's National Body or National Paralympic Committee must take reasonable steps to ensure that the Athlete attends an Evaluation Session.

29.4 If an Athlete fails to attend an Evaluation Session, the Classification Panel will report the failure to the Chief Classifier. The Chief Classifier may, if satisfied that a reasonable explanation exists for the failure to attend and subject to the practicalities at a Competition, specify a revised date and time for the Athlete to attend a further Evaluation Session before the Classification Panel.

29.5 If the Athlete is unable to provide a reasonable explanation for non-attendance, or if the Athlete fails to attend an Evaluation Session on a second occasion, no Sport Class will be allocated and the Athlete will not be permitted to compete at the relevant Competition.

30 Suspension of Evaluation Session

30.2 A Classification Panel, in consultation with the Chief Classifier, may suspend an Evaluation Session if it cannot allocate a Sport Class to the Athlete, including but not limited to, in one or more of the following circumstances:

- 30.2.1 a failure on the part of the Athlete to comply with any part of these Classification Rules;
- 30.2.2 a failure on the part of the Athlete to provide any medical information that is reasonably required by the Classification Panel;
- 30.2.3 the Classification Panel believes that the use (or non-use) of any medication and/or medical procedures/device/implant disclosed by the Athlete will affect the ability to conduct its determination in a fair manner;
- 30.2.4 the Athlete has a Health Condition that may limit or prohibit complying with requests by the Classification Panel during an Evaluation Session, which the Classification Panel considers will affect its ability to conduct the Evaluation Session in a fairmanner;

- 30.2.5 the Athlete is unable to communicate effectively with the Classification Panel;
- 30.2.6 the Athlete refuses or is unable to comply with any reasonable instructions given by any Classification Personnel to such an extent that the Evaluation Session cannot be conducted in a fair manner; and/or
- 30.2.7 the Athlete's representation of his or her abilities is inconsistent with any information available to the Classification Panel to such an extent that the Evaluation Session cannot be conducted in a fair manner.

30.3 If an Evaluation Session is suspended by a Classification Panel, the following steps must be taken:

- 30.3.1 an explanation for the suspension and details of the remedial action that is required on the part of the Athlete will be provided to the Athlete and/or the relevant National Body or National Paralympic Committee;
- 30.3.2 if the Athlete takes the remedial action to the satisfaction of the Chief Classifier or Head of Classification, the Evaluation Session will be resumed; and
- 30.3.3 if the Athlete fails to comply and does not take the remedial action within the timeframe specified, the Evaluation Session will be terminated, and the Athlete must be precluded from competing at any Competition until the determination is completed.

30.4 If an Evaluation Session is suspended by a Classification Panel, the Classification Panel may designate the Athlete as Classification Not Completed (CNC) in accordance with Article 10 of these Classification Rules.

30.5 A Suspension of an Evaluation Session may be subject to further investigation into any possible Intentional Misrepresentation.

Part Eight: Medical Review

31 Medical Review

31.2 This Article applies to any Athlete who has been allocated a Sport Class with Sport Class Status Confirmed (C) or Review with Fixed Review Date (FRD).

31.3 A Medical Review Request must be made if a change in the nature or degree of an Athlete's Impairment changes the Athlete's ability to execute the specific tasks and activities required by a sport in a manner that is clearly distinguishable from changes attributable to levels of training, fitness and proficiency.

31.4 A Medical Review Request must be made by the Athlete's National Body or National Paralympic Committee (together with an updated Medical Diagnosis form and any supporting documentation). The Medical Review Request must explain how and to what extent the Athlete's Impairment has changed and why it is believed that the Athlete's ability to execute the specific tasks and activities required by a sport has changed.

31.5 A Medical Review Request must be received by **IBD** as soon as reasonably practicable.

31.6 The Head of Classification must decide whether or not the Medical Review Request is upheld as soon as is practicable following receipt of the Medical Review Request and new Medical Diagnosis form.

31.7 Any Athlete or Athlete Support Personnel who becomes aware of such changes outlined in Article 31.2 but fails to draw those to the attention of their National Body, National Paralympic Committee or **IBD** may be investigated in respect of possible Intentional Misrepresentation.

31.8 If a Medical Review Request is accepted, the Athlete's Sport Class Status will be changed to Review (R) with immediate effect.

Part Nine: Intentional Misrepresentation

Eligible Impairment	Examples of Health Conditions
<p>Impaired Muscle Power</p> <p>Athletes with Impaired Muscle Power have a Health Condition that either reduces or eliminates their ability to voluntarily contract their muscles in order to move or to generate force.</p>	<p>Examples of an Underlying Health Condition that can lead to Impaired Muscle Power include spinal cord injury (complete or incomplete, tetra-or paraplegia or paraparesis), muscular dystrophy, post-polio syndrome and spina bifida.</p>
<p>Limb Deficiency</p> <p>Athletes with Limb Deficiency have total or partial absence of bones or joints as a consequence of trauma.</p>	<p>Examples of an Underlying Health Condition that can lead to Limb Deficiency include: traumatic amputation, illness (for example amputation due to bone cancer) or congenital limb deficiency (for example dysmelia).</p>
<p>Leg Length Difference</p> <p>Athletes with Leg Length Difference have a difference in the length of their legs.</p>	<p>Examples of an Underlying Health Condition that can lead to Leg Length Difference include: dysmelia and congenital or traumatic disturbance of limb growth.</p>
<p>Short Stature</p> <p>Athletes with Short Stature will have a reduced length in the bones of the upper limbs, lower limbs and/or trunk.</p>	<p>Examples of an Underlying Health Condition that can lead to Short Stature include achondroplasia, growth hormone dysfunction, and osteogenesis imperfecta.</p>
<p>Hypertonia</p> <p>Athletes with hypertonia have an increase in muscle tension and a reduced ability of a muscle to stretch caused by damage to</p>	<p>Examples of an Underlying Health Condition that can lead to Hypertonia include cerebral</p>

the central nervous system.	palsy, traumatic brain injury and stroke.
<p>Ataxia</p> <p>Athletes with Ataxia have uncoordinated movements caused by damage to the central nervous system.</p>	<p>Examples of an Underlying Health Condition that can lead to Ataxia include: cerebral palsy, traumatic brain injury, stroke and multiple sclerosis.</p>
<p>Athetosis</p> <p>Athletes with Athetosis have continual slow involuntary movements.</p>	<p>Examples of an Underlying Health Condition that can lead to Athetosis include cerebral palsy, traumatic brain injury and stroke.</p>
<p>Impaired Passive Range of Movement</p> <p>Athletes with Impaired Passive Range of Movement have a restriction or a lack of passive movement in one or more joints.</p>	<p>Examples of an Underlying Health Condition that can lead to Impaired Passive Range of Movement include athrogryposis and contracture resulting from chronic joint immobilisation or trauma affecting a joint.</p>

2 Minimum Impairment Criteria:

IBD requires that an athlete must have lost at least 10 points on the bench test, due to one of the above eligible conditions

3 Assessment Methodology:

a) Once an athlete is determined to have an eligible condition (via the certificate of Medical Diagnosis), they are assessed in the classification room by the medical classifier(s). if they have lost 10 or more points, they then proceed to:

b) The on green functional test. This is performed by the technical classifier(s), in consultation with the medical classifier(s). A sport class and sport class status is identified. This is not confirmed until:

c) The athlete is observed during first appearance in competition. Once the classifiers are happy with the decision, the athlete is issued with a form stating their national classification class and status. If seen by International Classifiers, then an International Classification card is issued by IBD

Athletes with Vision Impairment

1 Eligible Impairment Types

Eligible Impairment	Examples of Health Conditions
Vision Impairment Athletes with Vision Impairment have reduced or no vision caused by damage to the eye structure, optical nerves or optical pathways, or visual cortex of the brain.	Examples of an Underlying Health Condition that can lead to Vision Impairment include retinitis pigmentosa and diabetic retinopathy.

2 Minimum Impairment Criteria

Minimum Impairment Criteria for Athletes with a vision Impairment have been set based on the Athlete's corrected vision. (The difference in approach for Athletes with vision Impairment must be seen within the historical context of Classification for these Athletes, which is an assessment with 'best correction' as used in the context of medical diagnostics for visual acuity.)

Appendix Four

1 Non-Eligible Impairment Types for all Athletes

Examples of Non-Eligible Impairments include, but are not limited to the following:

- Pain;
- Hearing impairment;
- Low muscle tone;
- Hypermobility of joints;
- Joint instability, such as unstable shoulder joint, recurrent dislocation of a joint;
- Impaired muscle endurance;
- Impaired motor reflex functions;
- Impaired cardiovascular functions;
- Impaired respiratory functions;
- Impairment metabolic functions; and
- Tics and mannerisms, stereotypes and motor perseveration.

2 Health Conditions that are not Underlying Health Conditions for all Athletes

A number of Health Conditions do not lead to an Eligible Impairment and are not Underlying Health Conditions. An Athlete who has a Health Condition (including, but not limited to, one of the Health Conditions listed in the above Appendices Appendix One, Appendix Two and/or Appendix Three) but who does not have an Underlying Health Condition will not be eligible to compete in Para sport.

Health Conditions that primarily cause pain; primarily cause fatigue; primarily cause joint hypermobility or hypotonia; or are primarily psychological or psychosomatic in nature do *not* lead to an Eligible Impairment.

Examples of Health Conditions that primarily cause pain include myofascial *pain*-dysfunction syndrome, fibromyalgia or complex regional pain syndrome.

An example of a Health Condition that primarily causes fatigue is chronic fatigue syndrome.

An example of a Health Condition that primarily causes hypermobility or hypotonia is Ehlers-Danlos syndrome.

Examples of Health Conditions that are primarily psychological or psychosomatic in nature include conversion disorders or post-traumatic stress disorder.
